We are delighted to share with you our Top 5 items to make your fall transition a little less drab and a little more GLAM!

1. PRINTED LEGGINGS - These wardrobe staples can take you from day to night or from studio to street. The watercolor printed leggings can start at yoga, take you straight to the market and then out to dinner. It's all a matter of swapping the tops and styling the accessories which we can help you with!

2. BEAUTYCOUNTERS PURIFYING CHARCOAL MASK - After summer sun & swimming, your skin needs a serious detox & charcoal might be the perfect solution. This multitasking mask works to gently exfoliate, draw out impurities, and soothe as well as improve skin's overall condition by refining the appearance of pores and increasing elasticity. We use it once a week and we are OBSESSED!

3. FOLDOVER CLUTCH BAG - A fall must-have! Such an easy way to add a POP to your skinny jeans and jacket. It is functional, yet fashionable and is made in Vegan Leather. Small enough to look chic, yet big enough to fit your phone, lip gloss, wallet, sunnies and keys!

4. GRAB & GO PONYTAIL HOLDERS - We ALL need these! The Grab & Go Pony Tube is an everyday, must-have basic accessory. Constructed of thick, sturdy elastic, the ponytail holders are metal-free and non-damaging. These bands are perfect for a simple ponytail and offer exceptional hold. Keep a few in your purse, desk, and car for a quick, comfortable, on-the-go styling solution. They are truly the best!

5. HAMPTONS HANDPOURED CANDLES - The perfect way to let the summer memories linger this fall! Each candle is poured by hand in the heart of the Hamptons using 100% high quality, clean burning SOY. We love both the Hamptons and supporting women in small business, which is why are big fans of our friend Brittany's amazing candles.
